HOW WE WORK · 流程

Quality you can check.

We do not quote headline percentages. We follow the same steps on every order and give you the documents at the end.

01 Specification review — written spec confirmed before we quote.

02 Supplier vetting — shortlist checked against your specification.

03 Samples & documents — datasheets and test documents reviewed where applicable.

04 Pre-shipment inspection — photo / inspection report for your approval.

05 Packing & paperwork — matched to transport mode, documents prepared.

06 Tracking to delivery — shipment followed until it reaches your site.

EVIDENCE ON REQUEST

- Manufacturer authorisation letters (where we supply through an authorised channel)
- Pre-shipment inspection reports and photos
- Company registration details for vendor onboarding
- Case studies and customer references, shared with the customer's permission
